Happy New Year 2024

Principals message

I don't think I can fully express what the past twenty years at Rich Valley have meant to me. I have seen families grow up and change throughout the years and you have been there as my family has done the same. It certainly has not felt like two decades that we have been doing this dance together but, I guess, the calendar doesn't lie. I know that a part of me will carry on in the activities and culture that we have created here at Rich Valley and that you could not be in better hands with Mr. Peterson moving into the position of Principal. Thank you all so much for the wonderful part you allowed me to play in your lives. I will always cherish my time at Rich Valley School and all of the memories I have made with the staff, students, parents and the community.

I wish you a relaxing and enjoyable break. School resumes on Monday, January 8th, 2024. Merry Christmas and happy holidays!!!

Kelly Muir
